

PROBLEM STATEMENT

- At the end of the month we start to have money crisis ;
- Lack of proper planning of our income
- Person has to keep a log in a diary or in a computer ;
- All the calculations needs to be done by the user ;
- Overload to rely on the daily entry of the expenditure .

Every earning people are mostly obsessed at the end of the month as the they cannot remember where all of their money have gone when they have spent and ultimately have to sustain in little money minimizing their essential needs .

There is no as such complete solution present easily or we should say free of cost which enables a person to keep a track of its daily expenditure easily and notify them if they are going to have money shortage . To do so a person has to keep a log in a diary or in a computer , also all the calculations needs to be done by the user which may sometimes results in errors leading to losses . Due to lack of a complete tracking system , there is a constant overload to rely on the daily entry of the expenditure and total estimation till the end of the month .
