

Assignment -3

Student Name	ASHRITHA S
Student Roll Number	7376191CS128
Team ID	PNT2022TMID01433

Question-1:

create a bucket in ibm cloud storage

Solution

Question 2:

Upload 5 images to ibm storage and write html code to display it.

SOLUTION:

Website:

INDEX.HTML

```
<!DOCTYPE html>
```

```
<html lang="en">
<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>photo-collage</title>
</head>
<body>
  <div class="photo-flex">
    <div></div>
    <div></div>
    <div></div>
    <div></div>
    <div></div>
  </div>
</body>
</html>
```

</body>

</html>

```

QUESTION 4:

Design a chatbot using ibm watson assistant.

Solution:

Chatbot:

The screenshot shows the IBM Cloud Watson Assistant service page. The page is titled "Watson Assistant" and includes a description: "Watson Assistant lets you build conversational interfaces into any application, device, or channel." The page is divided into two main sections: "Create" and "About". The "Create" section is active and shows the "Select a location" and "Select a pricing plan" steps. The "Select a location" step shows a dropdown menu with "Sydney (au-syd)" selected. The "Select a pricing plan" step shows a table with two plans: "Lite" and "Free". The "Lite" plan is selected and shows a list of features. The "Free" plan is also listed. The "Summary" section on the right shows the details of the selected plan: "Watson Assistant", "Location: Sydney", "Plan: Lite", "Service name: Watson Assistant-min", and "Resource group: Default". The page also includes a sidebar with navigation links and a footer with the IBM logo and contact information.

Watson Assistant
Watson Assistant lets you build conversational interfaces into any application, device, or channel.

Create | **About**

Select a location

Provider: IBM

Location: Sydney (au-syd)

Select a pricing plan

Displayed prices do not include tax. Monthly prices shown are for country or location: [United States](#)

Plan	Features	Pricing
Lite	Everything you need to get started, free for as long as you need it Up to 1,000 unique monthly active users (MAUs) chatting with your assistant Up to 10,000 messages per month -- Features -- <ul style="list-style-type: none">World-class conversational AI with WatsonMake your website assistant your own with Webchat - deploy Webchat in minutes, or use our fully extensible architectureBootstrap your assistant by using some of our prebuilt contentConnect to any application or database with a prebuilt integration, or build your own custom integration on top of API endpoints actions using images, buttons, and more	Free

QUESTION 5:

Load that script in html page

Solution:

Embed it with website:

```
<!DOCTYPE html>
<html lang="en">
<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>photo-collage</title>
  <link rel="stylesheet" href="index.css">
  <script>
    window.watsonAssistantChatOptions = {
      integrationID: "483e49ea-3311-4a60-acde-203f58fafc8b", // The ID of
this integration.
      region: "au-syd", // The region your integration is hosted in.
      serviceInstanceID: "8529d0e0-80ca-4e4f-86a0-f46aba8cc5c8", // The ID of
your service instance.
      onLoad: function(instance) { instance.render(); }
    };
    setTimeout(function(){
      const t=document.createElement('script');
      t.src="https://web-
chat.global.assistant.watson.appdomain.cloud/versions/" +
```

```
(window.watsonAssistantChatOptions.clientVersion || 'latest') +  
"/WatsonAssistantChatEntry.js";  
  
    document.head.appendChild(t);  
  
});  
  
</script>  
</head>  
<body>  
    <div class="photo-flex">  
        <div></div>  
        <div></div>  
        <div></div>  
        <div></div>  
        <div></div>  
    </div>  
</body>  
</html>
```

Watson Assistant

I'd be happy to connect you to an agent.

Before we get started, I need to collect some basic information. First up, what's your **first name**?

ash

what queries you have?

how many branches you have?

we have totally 5 branches.

when is your hospital established

1997

?

Type something...
